## Car Injector Nozzle System 35310-2G100 353102G100 Precise Control

Our Product Introduction

For more products please visit us on [automobile-sparepart.com](http://automobile-sparepart.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 35310-2G100
- Minimum Order Quantity: 10 PCS
- Price: \$2.57 ~ \$3.58
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000000 pcs per month

### Product Specification

- Package: Any Color Box As Customers' Requirement
- Product Name: Fuel Injector Nozzle
- Quality: 100% Tested
- Size: Standard
- Car Make: For Hyundai
- Warranty: 24 Months
- Highlight: 35310-2G100, 353102G100

## Product Description

35310-2G100 Fuel Injector Nozzle 353102G100

### Product Description:

The **injector nozzle**, usually referred to as the **fuel injector nozzle**, is a very important component of the fuel injection system which is used in engines that rely on internal combustion. Its fundamental purpose is to discharge pressurized fuel into the combustion chamber in a precise and structured manner. The injector nozzle is of great significance to the performance, fuel efficiency, and emissions control of the engine.

### Features:

*Superior Fuel Atomization:* Our injector nozzle ensures **efficient fuel atomization**, breaking down the fuel into a fine mist or spray. This process promotes thorough mixing with the incoming air, resulting in **improved combustion efficiency**, power output, and fuel economy.

*Precise Fuel Flow Control:* Our injector nozzle provides **precise control over the fuel flow rate**, delivering the correct amount of fuel based on the engine's operating conditions. This ensures the ideal air-fuel ratio for **optimal combustion**, maximizing engine performance and minimizing emissions.

*Optimized Spray Pattern and Angle:* The design of our injector nozzle ensures an **optimized spray pattern and angle**, facilitating proper fuel distribution and mixing within the combustion chamber. This enhances **combustion stability**, reduces the risk of fuel impingement on cylinder walls, and promotes efficient fuel utilization.

*Durable and Resilient Construction:* Our injector nozzle is built to withstand the demanding conditions of the engine environment. It is constructed from high-quality materials, such as **stainless steel or composite materials**, providing excellent durability, resistance to wear, corrosion, and clogging.

*Precise Engineering and Calibration:* Our injector nozzle undergoes **precise engineering and calibration** to meet the specific requirements of your engine. Flow rates, spray characteristics, and fuel atomization are meticulously calibrated for **optimal performance**, ensuring reliable fuel delivery and combustion efficiency.

*Compatibility and Ease of Installation:* Our injector nozzle is designed to be compatible with a wide range of vehicle makes and models. It is a direct fit replacement for your original injector nozzle, ensuring a **hassle-free installation process** and proper integration into your fuel injection system.

### Support and Services:

Fuel Injector Nozzle Technical Support and Services

We provide technical support and service for Fuel Injector Nozzle products. Our services include:

**Troubleshooting**

**Diagnosis and Repair**

**Installation and Maintenance**

**Customized Solutions**

**Regular Upgrades**

Our technical support team is available 24/7 to answer any queries you may have. We also provide software updates to ensure that your Fuel Injector Nozzle is always up to date with the latest technologies.

If you have any questions or need assistance with troubleshooting, please do not hesitate to contact us.

### FAQ:

#### 1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

#### 2. How can we guarantee quality?

Always a pre-production sample before mass production;  
Always final inspection before shipment.

#### 3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years

**A large of stock**

**Professional export company**

**Accept small order**

**We can design anything well according to customers' requirement**

## PRODUCT SPECIFICATIONS

## MAIN PRODUCT

### BRAKE SYSTEM

Brake Pad

Brake Shoe

Brake Disc

Brake Repair Kit

Brake Booster

Brake Cable

Brake Master  
Cylinder

Brake Slave  
Cylinder

### TRANSMISSION SYSTEM

Drive Shaft

Propeller Shaft

Wheel Hub Bearing

Cv Joint

Clutch Set

Clutch Master  
Cylinder

Clutch Release  
Bearing

Universal Joint

## SUSPENSION SYSTEM

Shock Absorber

Shock Absorber Spring

Strut Mount

Tie Rod End

Bushing

Control Arm

Ball Joint

Rack End

## STEERING SYSTEM

Power Steering Rack

Power Steering Pump

Steering Knuckle

Steering Column Shaft

Steering Gear Boots

Oil Control Valve

Oil seal

Steering Hose
